

NAVAL INTELLIGENCE COMMAND

COMMAND HISTORY

CY 1986

- 1 JAN 86: COMNAVINTCOM unscheduled intelligence production tasking system expanded to include Mail Room Action Correspondence Routing System. Mail Room Action Routing discontinued.
- 6-17 JAN 86: Special ACDUTRA team from NICSEC-0166 drilled on night shift (1600-2400), efforts dedicated to assisting in the elimination of the SCI adjudicative backlog.
- 7 JAN 86: DNI approved NAVINTCOM recommendation that a fitting memorial be established at the Navy and Marine Corps Intelligence Training Center (NMITC) for IS1 Michael R. Wagner, killed in action in 1984.
- 14 JAN 86: FOSIC PAC - NOIC Secure Audio/Video Teleconferencing System activated.
- 22 JAN 86: DOD SCI Policy Committee meeting (SCIPCOMM) was attended; major subject was discussion and planning for initiation of DOD SCI training courses at Defense Intelligence College (DIC).
- 26 JAN 86: ISCM Terence L. Schroeder, Command Master Chief, detached NAVINTCOM. ISCM Jack Henderson became Command Master Chief (Acting).
- 27 JAN 86: OP-009BZ gave Damage Assessment briefing on Walker/Pollard, NIC-04/41/42/43 attended.
- 29 JAN 86: Successfully completed the first of three Critical Design Reviews (CDRS) for the Sea Watch III System.
- JAN 86: The Tri-Service Working Group prepared a joint-service proposal for civilian personnel management legislation, presenting language, cost impact, and changes in the existing law to the DCI for internal executive branch coordination. CIA presented the package to OMB for circulation for formal comments then submission to Congress.
- JAN 86: Issued "On Watch Bulletin" to the Navy SSO community.
- JAN 86: The Collection Advisory Center went to 24-hour-a-day operations. This was made possible with the arrival of seven additional officers and billet growth from

five (four officers, one civilian) to thirteen (eleven officers, two civilians) personnel.

JAN 86: NIC-02 submitted final NAVINTCOM material for FY87 Congressional Budget Justification Book (CBJB). \$465K of the O&MN resources listed were for advance study costs for the new NAVINTCOM building, and the CBJB included a description of the MILCON initiative, although construction costs did not appear in the funding profile until FY89.

NIC-02 completed FY88-92 NAVINTCOM Five Year Plan.

JAN 86: NAVINTCOM held ranking session as first step in converting Five Year Plan to General Defense Intelligence Proposed Program (GDIPP).

Participated in joint Navy GDIPP ranking session, held for first time at the United States Naval Academy, Annapolis.

Entered second quarter of FY86 budget execution (including U&S/Fleet as well as NAVINTCOM procurement). OPN allocation was \$39.9 million or \$11.4 million below programmed amount of \$51.3, the difference having been withheld by NAVCOMPT because of our low obligation rate in prior years. NAVCOMPT has assured us that when we have obligated the allocated amount, the additional 11.4 million will be restored.

Submitted FY87 President's Budget to NAVCOMPT. Figures matched GDIP data base used in FY87 Congressional Budget Justification Book, plus OPN for U&S/Fleet GDIP units, bringing OPN total budgeted to \$52.8 million.

Developed detailed guidelines for the Naval Reserve to ensure consistency in auditing Subhead 1230 vouchers.

Performed quarterly "follow-up" review of prior year fund execution by claimant. (Conducted similar reviews in each succeeding quarter. Found no legal violations.)

Performed quarterly "follow-up" reviews of headquarter's time-keeping function. Found significant improvement in management controls, but errors still occurring in payroll listings.

Installed fire sprinkler system for JNIDS test bed.

JAN-DEC 86: Development was completed on the new administrative and physical security policy guidance for inclusion into DON's implementation of DOD Directive C-5105.21-

M-1 including a new and updated physical security policy governing the accreditation of both ashore and afloat SCI facilities.

As a result of joint efforts between NIC-42 and NSIC-26, all 27 Pentagon SCIFs received a Technical Surveillance Countermeasures (TSCM) survey and inspection.

Achieved significant reduction in contractor SCI billets due to strict billet management.

Achieved reduction in number of SCI courier cards issued due to closer scrutiny of justifications.

JAN-FEB 86: NIC-04 continued expansion of previous initiative to enhance the DON Security Education and Awareness Program made possible by the assignment of a military officer to a vacant position and the assignment of an additional civilian manpower billet.

NIC-04 increased contractor SSO's security awareness due to strict inspections and assistance in security education and awareness programs.

7 FEB 86: NIC-04/42/JAG Intelligence Liaison Officer and NSIC representative met with DNI regarding polygraph and other SCI issues.

11 FEB 86: Sponsored Black History Month Opening. Speaker was Mr. Sam Payne.

12 FEB 86: NIC-42 accompanied DDNI representative to National Security Agency for meeting to discuss DON implementation of new sensitive program.

12 FEB 86: YN1 Allen H. Otis was selected as Sailor of the Year for Naval Intelligence Command Headquarters.

19 FEB 86: NIC-41/42 represented DON at Compartmentation Subcommittee (COCOMP) to discuss updates/policy changes of DCID 1/7 (Control of Dissemination of Intelligence Information) and DCID 1/19 (Administrative Handling and Accountability of SCI).

NIC-04 met with DON Security Committee (SECOM) subcommittee members at Suitland, MD.

20 FEB 86: Sponsored a workshop "Survival Techniques for Stress Ridden American Culture". Speaker was Ms. Michelle Balamani.

21 FEB 86: NAVINTCOMHQ conducted its first Navy Rights and Responsibilities (NR&R) Workshop under the Command Managed Equal Opportunity (CMEO) Program. Workshop was

conducted by NIC-111 and 122.

23 FEB - 1 MAR 86: Rear Admiral Wagen and CFO2 Rugen made a trip to the West Coast. Their itinerary included visits to:

- DNRIP Staff at Treasure Island, San Francisco, CA
- Navy Post-Graduate School in Monterey, CA (Joined by CDR G. Scott, NIC-11)
- Navy Strike Warfare Center, Fallon, NV (Joined by Mr. Dennis Harman, NIC-000 and CDR Scott)
- Lockheed Complex, Sunnyvale, CA (Joined by Mr. Harman)
- ESL Corporation, San Jose, CA (Joined by Mr. Harman and CDR Scott)
- Navy ASW Base, San Diego, CA
- NOSC, San Diego, CA

24 FEB 86: Service Center and Sea Watch III IRMS available to operational users and system developers via the local area network with installation of COMTEM communications front ends.

26 FEB 86: New Tower NCC operational on SCI Lan providing improved performance for operational users.

27 FEB 86: Sponsored Black History Luncheon. Guest speaker was Mr. Rick Walker, Washington Redskins.

FEB 86: NIC-000 completed OSIS Baseline System (ORS) annual certification at FOSIF WESTPAC and FOSIC PAC.

FEB 86: NIC-04 completed records conversion to the Intelligence community's 4C (Community-Wide Computer-Assisted Compartmentation Control System) database with the lowest error rate reported of current on-line users.

FEB 86: SBO completed Classification Survey in Naval Intelligence Support Center (NISC) Code 10.

FEB 86: NIC-02 submitted FY88-92 NAVINTCOM GDIPP to OP-009 for consolidation with U&S/Fleet proposals and forwarding to GDIP Program Manager.

NIC-02 took Gramm-Rudman-Hollings reduction of \$6.9 million in O&MN and \$2.6 million in OPM.

FEB 86: Issued guidance letter for accomplishment of 1986 vulnerability assessments and internal management control reviews.

FEB 86: Conducted interviews with A&E firm (Kress Cox Associates) for use in feasibility study for new headquarters building.

FEB 26: Tri-Service Working Group met with the Chief Counsel of the House Intelligence Committee and with the Senate Select Committee on pending personnel management legislation.

CIO concurred with the proposed CIA legislation.

NIC-OOC met with OMB. Prepared and presented statistical data to OMB as requested by Robert Cannon, Intelligence Division.

6 MAR 86: The NAVINTCOM Sailor of the Year Selection Board met to consider and interview the following candidates for the SOY Program:

CTOL Mary A. Bowersock	NIPSSA
VNL Alan H. Otis	NAVINTCOMHQ
ISI Andy J. Fenneman	CTF-149
CTT1 Charles T. Johnson	NAVOPINTCOM
CTT1 Gary L. Hart	NISC

CTOL Mary A. Bowersock was selected as the NAVINTCOM Sailor of the Year.

10 MAR 86: New Workstations (WS-53) for the Computer Aided Design Engineering and Analysis System (CADEAS) Operational, providing enhanced capabilities over existing workstations (WS-22).

13 MAR 86: TEXET Document Production System operational for use by NISC-60. Productivity improved through automated integration of text and graphics in single workstation.

20-23 MAR 86: Norwegian DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.

27-28 MAR 86: Command Deputy Equal Employment Opportunity Officer (CDEEOO) instructed a 2-day training course for EEO Counselors at Naval Civilian Personnel Command (NCPC).

31 MAR 86: In concert with DIA, devised a plan to ease the burden on outgoing Naval Attachés in order to comply with a Congressional mandate to reduce the cost of government leases in the Defense Attaché System.

MAR 86: NIC-OOC met with OSD (Deputy Asst. Secretary for Civilian Personnel Policy and Requirements and Deputy Asst. Secretary of Defense for Intelligence) to gain support on pending civilian personnel management legislation.

HPSCI decided to endorse and support proposed legislation in spite of OPM/CMB opposition.

- MAR 36: NIC-02 was audited by NAVAUDSVC on administration, use, and accountability of Subhead 1230 funds. No serious discrepancies were found. (Final report issued in December.)
- Began work on new entrance for temporary lobby (designed to accommodate Navy Federal Credit Union later).
- 6 APR 86: Contract signed for 10 production FISTS.
- 7-8 APR 86: CAPT Idleberg, Special Assistant for Attaché Affairs, visited Monterey and San Diego, California, Honolulu, and Denver, to discuss service in the Defense Attaché System with ship/shore establishment personnel and issues of mutual concern with representative Naval Attaché/support personnel in Defense Attaché Offices in Tokyo and Hong Kong.
- 8 APR 86: CADEAS rehosted on new Vax 8650 providing improved performance to increasing number of users.
- 11 APR 86: Sun S/160 selected by the IAIPS-PMO as the graphics workstation for the Sea Watch III System.
- 16 APR 86: Acoustic Input Processing System, a subsystem of IAIPS was granted interim approval to process secret information in the system high security mode.
- 18 APR 86: COINS/C-30 IMP-based Host-to-Host Network operational providing high-speed information transfers between hosts in both NIC-I and NIC-II.
- 18 APR 86: A scheduled Command Inspection of the Naval Intelligence Support Center was completed with a grade of Satisfactory.
- 21 APR 86: The SIGINT Subsystem of SIGIPS operational at the SCI level.
- 21 APR 86: ACIPS operational at the GENSER level.
- 21 APR 86: Sea Watch III Critical Design Review - 2 successfully completed.
- 23 APR 86: NIC-04 met with DON SECOM subcommittee members at Naval Security Group Command.
- 25 APR 86: Established a Terminal Area Security Officer (TASO) Program for remote terminals -- provided user awareness briefings.

- 28 APR 86: ST-100 Array Processor operational on ACIPS providing improved performance of ACIPS applications.
- 28 APR 86: Established new civilian position as Head, Center for Naval Analysis (CNA) Branch (NIC-423).
- 30 APR 86: Successfully demonstrated the incorporation of a third Message Front End (MFE) into the Message Processing Distribution System (MPDS) architecture: provides backup in case of MFE failure of MPDS usage increases beyond capability of two MFES.
- APR 86: SBO participated in staffing conference for Navy Heads of Staff (Philadelphia, PA).
- SBO implemented the requirements of Section 1622 of the Defense Authorization Act of 1986 (Debarment of Applicants for Federal Positions because of Failure to Register for Military Draft).
- APR 86: Office of Civilian Personnel Management (OCPM) Assessment visit to the Naval Intelligence Processing System Support Activity (NIPSSA) satisfactorily completed.
- APR 86: Started third quarter execution of FY86 funds. OPN obligations still not at allocation level.
- APR 86: Use of Subhead 1230 funds were reviewed by DOD Inspector General representatives. Review limited in scope because of concurrent NAVAUDSVC review in progress.
- Gave CHESDIV \$7,500 for facilities study for new headquarters building.
- Received site selection study for new headquarters building from CHESDIV.
- With NIC-OOC, CHESDIV rep, NAVFAC rep, and OP-009R rep, briefed two House Appropriations Committee staffers (Murray and Marinelli) on military construction proposal for new headquarters building. Staffers said that committee would probably approve proceeding with building design (to be funded by NAVFAC at \$8 million in FY88), but added that such approval did not guarantee approval of subsequent MILCON request.
- APR 86: Memorandum signed by the DNI forwarded to the Asst. Secretary of the Navy for Manpower and Reserve Affairs supporting civilian personnel management legislation.
- Submitted changes to proposed legislation to HPSCI.
- Written documentation of full support received from Asst. Secretary of the Navy for Manpower and Reserve Affairs.

- 1-3 MAY 86: EEO Specialist attended the President's Committee on Employment of the Handicapped Conference in Washington, DC.
- 2 MAY 86: Collection Management Support System (CMSS) purchased for the the Collection Advisory Center (CAC) located at NAVOPINTCEN.
- 2 MAY 86: Ms. Lois Madison, Assistant in Research/Dissemination Division, retired after 30 years of federal service.
- 5-16 MAY 86: Special ACDUTRA team from NICSEC-0166 drilled on night shift (1600-2400), efforts dedicated to assisting in the elimination of the SCI adjudication backlog.
- 12-14 MAY 86: Netherlands DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.
- 13-15 MAY 86: CDEEOO instructed a 3-day course "Introduction to EEO Counseling" at NCPC.
- 16 MAY 86: ISCM Jack Henderson relieved as Command Master Chief (Acting) and replaced by ISCM James Holmes.
- 19-23 MAY 86: EEO Specialist attended the National IMAGE Training Conference and Convention in Atlanta, Georgia.
- 21 MAY 86: The Photographic Input Processing System, a subsystem of IAIPS, was granted interim approval to process SCI in the system high security mode.
- 27 MAY 86: Rear Admiral Hagen, LCDR Patton (NIC-03F), and CWO2 Rugen made a trip to WESTPAC. Their Itinerary included visits to:
- Hawaii: COMIPAC, FMFPAC, USCINCPAC/J-2, FOSIC PAC, PACFAST/CTG 168.1, FICPAC, CINC-PACFLT (ACOS for Ops/Plans, ACOS for Intel, and ACOS for Cryptology), and COMTHIRDFLT;
  - Japan: NAF Atsugi, COMFAIRWESTPAC, COMNAVFOR-JAPAN, VQ-1 DET Atsugi, CTF-72, FOSIF WPAC, KAMI SEYA, FLTACTS YOKOSUKA, COMSEVENTHFLT, NIS YOKOSUKA, USS MIDWAY, CTG 168.5, JMSDF (RADM ARAI and ADM NAGATA), USDAO TOKYO;
  - Republic of the Philippines: COMUSNAVPHIL, FISCWESTPAC, NISRO PHIL, CTU 168.1.2, NAS CUBI PT, COMNAVSURFGRU WESTPAC, COMCARGRU 5/CTF 70; and,
  - Guam, M.I.: COMNAVMIANAS, VQ-1.

- 28 MAY 86: DNI approved NAVINTCOM recommendation to publish Naval Intelligence Newsletter twice each year (vice quarterly) and to focus on Intelligence Community affairs (vice substantive intelligence articles).
- 30 MAY 86: Ms. Karen Donaghy, NIC-U's Department Secretary, departed the Command. Replaced by Ms. Teri Stickell.
- 31 MAY-3 JUN 86: RADM Hagen, Commander, Naval Intelligence Command, LCDR Patton, NIC-03FB, and CWO3 Rugen visited CTG 168.5.
- MAY 86: At CNO mid-year review of O&MN Subhead 1530, successfully presented case for funding items listed below and subsequently received \$2.5 million from CNO reserve for this purpose:

\$000

Intrusion Detection System	45
Upgrade Access Control System	45
Metal Detection System	30
NAV-P Connection FIST	164
Intell Processing AEGIS Data	100
SUNDANCE	250
TUBA	960
Stat Mux Procurement	645
CLUSTER SNUFF	300

Completed detailed review of Subhead 1230 expenditures for COMNAVINTCOM certification to SECNAV. No discrepancies were noted in vouchers selected (random sampling).

- MAY 86: Sent additional \$2,000 to CHESDIV for facilities study for new headquarters building.
- MAY 86: Sent additional \$70 thousand to CHESDIV to upgrade electrical and mechanical system for relocatable building--total cost to date for building \$1,038,500.
- MAY 86: Test SCI Administrative Billet Review (SAR) conducted for the Naval Research Laboratory.
- MAY 86: Statistical Data requested by the House Post Office and Civil Service Subcommittee Staff prepared and presented to the Special Asst. to the Army, Asst. Chief of Staff for Intelligence for consolidation with Army and Air Force on proposed civilian personnel management legislation.

NIC-OOC met with HPSCI, provided data as requested on classification and compensation standards, estimates of service population to be covered and estimated and accession data.

- 1 JUN 86: COMNAVINTCOM unscheduled production tasking system automated to accommodate three-fold increase in number of taskings due to dissolution of Mail Room action correspondence routing system.
- 13 JUN 86: ST-100 ARRAY Processor operational on SIGIPS providing improved performance of SIGIPS applications.
- 19 JUN 86: DNI approved NAVINTCOM recommendation to establish fitting memorials at NMTC for PTC Sennie R. Lamoton, killed in action in 1966, and PT2 Douglas E. Hobbs, killed in action in 1970.
- 20 JUN 86: Activated the U.S. Coast Guard COMPACAREA SPINTCOMM, Alameda, CA., as a remote of the NSGA San Diego Streamliner system.
- 25 JUN 86: Sea Watch III Critical Design Review - 3 successfully completed.
- 27 JUN 86: Wideband (6MHZ) tape unit operational on SIGIPS providing capability required to automatically process source-generated tapes.
- 30 JUN 86: Command Career Counselor (NIC-0181) reported 100 percent retention of Navy personnel.
- JUN 86: Submitted NAVCOMPT budget for FY88-89. This is first two-year budget. Our submission was based on FY88 GDIPP, amended as required to meet Navy controls. Budget submissions to Navy include U&S/Fleet UPN.
- Received first NAVCOMPT notification that SECNAV had approved a change in civilian personnel management procedures which would place authority, incentive, and flexibility at appropriate management levels by permitting managers and supervisors to manage their payroll down to the lowest practicable level of supervision -- "managing to payroll."
- Received GAO report on use of Subhead 1230 funds. No specific findings or recommendations were addressed to NAVINTCOM.
- Conducted telephone line inventory and corrected billing codes.
- Completed entrance to temporary lobby.
- Began renovation work on permanent lobby.
- JUN 86: SBO implemented New Reduction-In-Force Regulations.

New Classification Standard for Personnel Assistant, GS-203-0 implemented.

JUN 86: Met with SSCI on proposed civilian personnel management legislation. Provided statistical information and responded to questions concerning coverage of investigative workforce.

DOD supported inclusion of proposed legislation in the FY87 Intelligence Authorization Act in letter sent to OMB.

7 JUL 86: Successfully completed the system design review for the Network Data Collector: device required to improve security and provide single Logon capability for IAIPS Systems.

8 JUL 86: Chief Petty Officer Penny L. Wagner reported aboard as relief for NIC-122.

18 JUL 86: Congressional Intelligence Committee Staffers (Mr. Surrette of HPSCI and Ms. Packard of SSCI) briefed on the status of the IAIPS Program.

21 JUL 86: CDR Louis K. Roark reported aboard as relief for NIC-12.

21 JUL 86: Technology transfers initiated with the U.S. Army's Foreign Science and Technology (FSTC) to implement their Scientific and Technical Information Management System (STIMS) at NIC.

Received official JCS approval for plans to segregate R/Y message traffic at CINCUSNAVEUR London, in conjunction with Communications Support Processor (CSP) installation and Naples/Proto SPINTCOMM upgrades.

22-26 JUL 86: EEO Specialist attended the Federally Employed Womens' National Training Program in Las Vegas, Nevada.

24 JUL 86: Established NAVINTCOM policy for the use of privately owned computers (NAVINTCOMHQNOTE 5239).

27 JUL 86: Completed OBS Annual Site Certification at FOSIC Det CINCLANTFLT.

31 JUL 86: CDR William F. MacLaren, NIC-12, departed for new position as N-2 for COMPHIBGRU ONE in Okinawa.

JUL 86: Implemented automated memorandum accounting on ORACLE system for all command OPN and O&MN accounts. When fully operational, this system should provide ready and efficient means to check official records contained in the IDARMS system. Trouble persists

with the latter, which, at year's end continued to suffer unacceptable periods of down time.

JUL 86: Submitted biennial internal control program report of vulnerability assessments to OP-09B4.

Accepted 5,650 square feet of floor space in Building 74, Washington Navy Yard (GSA side), for future occupancy by NISC elements.

Received notice from NAVFAC that new building (Project P-001) had been properly documented by CHESDIV and that design phase should proceed.

Received request from CHESDIV for collateral equipment requirements for new building.

JUL 86: NIC-04 issued "On Watch Bulletin" to the Navy SSO community.

Provided final SCI access eligibility in support of the FIST upgrade to the USS CARL VINSON battle group.

New procedures for handling cryptographic information were established for NIC-42/CNO//SSO.

JUL 86: SBO participated in Federally Employed Womens' Conference, Las Vegas, Nevada.

1 AUG 86: In an effort to reduce U.S. military presence abroad, several military attache positions will be attrited over a three year period. Naval Attache billets affected include:

ALUSNA Brussels  
ALUSNA Tegucigalpa  
A/ALUSNA Rome  
A/ALUSNA Santiago

1 AUG 86: Obtained CNO (OP-945) delegation of ADP approval authority to COMNAVINTCOM for competitive actions with cost up to \$10 million. This compares with previous approval ceiling of \$1 million.

6 AUG 86: An unannounced biennial inspection of the COMNAVINTCOM/NIPSSA Communications Security Material System (CMS) was completed. No significant discrepancies were noted.

11-20 AUG 86: NIC-12 was senior member, and NIC-122 was a member, of the Navy Enlisted Classification (NEC) Conversion Board for Intelligence Specialists (ISs). Board assigned new NECs approved during IS Rating Restructure.

18 AUG 86: CAPT Mark Pelensky reported on board as Assistant

Commander for Security (NIC-04/SSO Navy), replacing CAPT William C. Horn.

18 AUG 86: Ms. Julie Youngman assumed duties as Assistant in Research/Dissemination Division.

19 AUG 86: ISCM Jack Henderon, COMNAVINTCOM NIC-OONA, retired.

20 AUG 86: COMNAVINTCOM formally requested DIA MIIDS/IDB support for the NIPSSA sponsored NIPS/IDB/DODIIS Interface project. This project seeks to develop a replacement for NIPS database based on DIA's IDB which will restructure 80 percent of current NIPS source files.

26 AUG 86: Sea Watch II was accredited to process SCI in the system high security mode.

29 AUG 86: ISCM James R. Mitchell departed for a new position as IS detailer.

29 AUG 86: CAPT William C. Horn detached NAVINTCOM.

AUG 86: Received SECNAVINST 12510.9 implementing SECNAV decision for management to payroll concept. COMNAVINTCOM decided not to delegate authority to component levels pending further study. Prepared annual internal control program report.

Requested NISC to provide construction plans for Building 74.

Sent additional \$5,335 to cover cost overrun for relocatable building.

AUG 86: Recruited and filled Naval Intelligence Support Center SES vacancy.

Participated in East Coast Personnel Systems Manager's (NCPDS) Conference, Norfolk, Virginia.

Classification guidance for Naval Intelligence Command Security Specialists, GS-080 completed.

AUG 86: Survey questionnaire distributed to component commands soliciting comments on the pending personnel management legislation for usage by NIC Implementation Team.

Draft Statement of Administration Policy circulated by OMB for comments, recommended deletion of the provision (Section 504) in the House Bill. (H.R. 4759)

Prepared SECNAV comment objection to deletion of Section 504 of SECDEF. SECDEF reclaims to OMB supporting the inclusion of Section 504.

- 1 SEP 86: Upgrade the DIET and DSAT hardware suites with new Tektronix 4125 color graphic workstations and 1602 color graphic ink-jet copier/printers.
- 3 SEP 86: Distributed the "Navv Collection Management Baseline study". This document provides a detailed overview of collection management as it currently exists.
- 5 SEP 86: A competitive contract was awarded to Computer Sciences Corporation (CSC) for the development of software and hardware system enhancements to the ACIRS subsystem.
- 6-20 SEP 86: Rear Admiral Hagen, Mr. Richard Sentner (NIC-03F) and CNO2 Rogen made a trip to Europe. Their itinerary included visits to:
- U.K.: CTNCUSNAVFUR, DAIL LONDON, ALUSMA LONDON, MODIJK, NORTHWOOD Command Center;
  - NETHERLANDS: VONS BNLI, FMT RNLM, MAS WALKERBERG, COMRNLM/PAGROUP, Acoustic Analysis Center;
  - FRG: CTU 168.4.1, EAST and WEST BERLIN, USMIL, CTG 168.4, USCONSUL GENERAL, CDR 66TH MT, HQ WESTPORT;
  - ITALY: CTG 168.3, CINCSOUTH/CNE, CTF 69, CTF-67, COMSIXTHFLT/N-2, CTF 67/N-2, CTF-69/N-2;
  - GIBRALTAR: MARDATCEN; and,
  - SPAIN: VO-2, NAVCOMMSTA ROTA, NSGD, CSG SIXTHFLT, FOSIF ROTA, SN HQ MADRID, USDAO MADRID, U.S. AMBASSADOR to SPAIN.
- 9 SEP 86: The GENSER (Secret) systems operated and sponsored by the Naval Intelligence Support Center were granted interim approval to operate: Technology Transfer System; SIGMA 5 & 7; OMNI Tracking System; the MV 4000; the Librarian System; Apple PC; Savin PC; and, an IBM PC.
- 12 SEP 86: Completed ORS Annual Site Certification at FOSIF Rota and FOSIC Europe.
- 12 SEP 86: Mr. Paul Whelan, NIC-121, departed for a position in the civilian sector.

- 18 SEP 86: Sponsored Hispanic Heritage Week Program. Speaker was CAPT Frank Gamboa, Executive Director for the Defense Equal Opportunity Council.
- 19 SEP 86: Completed PACFLT OBS reconfiguration.
- 22 SEP 86: New Navy astronauts were briefed on read-in/read-out basis for SCI accesses.
- SEP 86: Published substantive guidance for NAVINTCOM FY89-93 Five Year Plan.
- SEP 86: WANG Database came on line in NIC-411 in support of the adjudication process.
- SEP 86: Completed execution of FY86 budget. Certified Subhead 1530 obligations at 99.264 percent.
- In management-to-payroll concept implementation, received from NAVCOMPT FY87 Object Class 11 ceiling of \$40,199,000, based on civilian compensation estimates contained in FY87 column of FY88 NAVCOMPT budget. Advised components that FY87 resource authorizations would distribute this ceiling as administrative limitations. Advised them to take whatever steps were necessary to live within ceilings until best course of action for claimant was determined.
- Submitted FY88-89 OSD budget.
- Implemented claimant internal review and audit follow-up/tracking system, improving compliance with GAO and DOD standards.
- Briefed Mr. Goodrich, UNDSECNAV, on authority for, nature of, and controls over Subhead 1230 funds.
- NAVAUDSVC reviewed command compliance with requirements for implementing Navy's internal control program, found us in compliance.
- Sent construction plans for Building 74 to NDW.
- Sent additional \$14,500 to CHESDIV for changes to relocatable building.
- SEP 86: SBO participated in Principal Classifier Conference at Virginia Beach, Virginia. Major topic "Managing to Payroll".
- SEP 86: OMB ignored DOD reclama and recommended deletion to the Senate Select Committee on Intelligence of Section 504 from H.R. 4759.

- SEP 86: Prepared letter for DNI to Chairman of SSCI supporting adoption of Section 504. Letter was later changed to joint signature of DNI, Air Force ASCI and Army ASCI.
- SEP-OCT: Established new civilian position as Deputy Assistant Commander for Security (NIC-04P).
- 1 OCT 86: Major funding was authorized to survey and implement an automated library system. SRAS (SCI Registry Accountability System) will enhance security control and accountability of SCI documents processed by NIC-42/CNO//SSO and is being designed to serve as a model for the SCI community.
- 5 OCT 86: Approved Force High Level Terminal (FHLT) to ORS connection at FOSIF WESTPAC.
- 6-10 OCT 86: CAPT Idleberg attended 1986 EAST/WEST Europe Regional HUMINT/DATT Conference, at Ramstein, Germany.
- 6-17 OCT 86: A scheduled Command Inspection of Task Force 168 European elements was conducted with a grade of Satisfactory. This inspection initiated a new program of triennial inspections of all CTF 168 command elements. Inspectors were: COMNAVINTCOM Inspector General (IG) team, CAPT W. Cracknell (Deputy CNIC), Mr. J. Runyon, (IG CNIC), CDR C. Glanzmann, (NIC-03R), and Mr. W. Jones.
- 7 OCT 86: Approved Post-to-ORS connection at FOSICs and FOSIFs.
- 8 OCT 86: The U.S. Court of Appeals for the Federal Circuit reversed earlier decisions by the Merit Systems Protection Board in the Acosta, et al case. The court ruled that former COMNAVINTCOM civilian contractors were not entitled to Federal employee benefits or entitlements.
- 8-11 OCT 86: Korean DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.
- 9 OCT 86: Successfully demonstrated the DODIIS intrasite gateway providing connection of the DODIIS SCINET between NIC-I and NIC-II.
- 14 OCT 86: NIC-42/41 and NIC-01 representative attended SCIPCOM meeting for additional discussions regarding planning for initiation of DOD SCI training courses at DIC.
- 14 OCT 86: ISCM Lloyd E. Fish reported for duty as Command Master Chief.

- 16 OCT 86: CDEEOO attended a pre-EEO Complaint Examiner Hearing at Equal Employment Opportunity Commission, Washington District Office.
- 18-26 OCT 86: Netherlands DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.
- 21-23 OCT 86: CDEEOO attended the Navy-wide DEEOO Conference in Concord, California.
- 22 OCT 86: Received the first shipment of Zenith Data System Micro-Computer (Z-248). These systems will augment the DEC Pro-350 as the Alpha-Numeric Workstation for NIC users of IAIPS.
- 23 OCT 86: Spooler System operational providing local-to-user printouts of computer generated information.
- 24 OCT 86: Mr. Bryon L. McGowan, Director, Intelligence Tasking/Production Management Division, departed the Command. Replaced by Ms. Margaret Guy.
- 28 OCT-3 NOV 86: Post-SACLANT Maritime Intelligence Conference (MARINTCON) visit itinerary for over 40 NATO participants, including DNI representatives, from ten countries. A Post-MARINTCON reception was also planned and hosted by NIC-03F.
- 29 OCT 86: COMNAVINTCOM, in a letter to the Navy Judge Advocate General, expressed his concern over the detrimental effects of release of large amounts of unclassified information related to command organization and procedures in satisfaction of Freedom of Information Act requests.
- 29-30 OCT 86: Spanish DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.
- 30 OCT 86: Installed a Data General MV/20000 Minicomputer as a second ACIPS host in order to accommodate additional applications software and facilitate system workload distribution.
- OCT 86: Participated in FY88 GDIP Budget Hearings.  
Began FY87 execution under continuing resolution, with first quarter allocation of funding in accordance with FY87 column of FY88 NAVCOMPT budget request.  
Received FY87 Congressional cuts and other adjustments to FY87 Congressional budget.

OCT 86: Reported to collateral equipment requirements for new headquarters building to newly appointed building project coordinator (VISC-SOR).

OCT 86: Congress passed the Intelligence Authorization Act for Fiscal Year 1987, including Section 504, which conveyed on the Secretary of Defense the authority to extend the provisions of 10 U.S.C. 1590 to the "military Departments, thereby putting them on an equal footing with the independent intelligence communities (CIA, NSA, DIA) and enabling them to establish their own personnel management system.

Congress levied requirement to OSD and the DCI to submit jointly a report describing the civilian personnel systems for officers and employees of CIA, NSA, DIA, and the personnel systems for officers and employees established under Section 1590 of Title 10, U.S.C. as added by section 504, for civilian intelligence personnel of the military departments

3 NOV 86: Systems Research Laboratory 9SRL-25950 Digitizer operational on SIGIPS providing required capability to process new sensor information.

4 NOV 86: SRL-2637 PD-96 operational on SIGIPS.

5 NOV 86: Initiated a pilot program to fund Environmental and Morale Leave (EML) for Navy personnel serving in the Defense Attaché System.

6 NOV 86: Obtained CNO (OP-009) approval of Joint Maritime Information Element (JMIE) Mission Element Need Statement (MENS).

12 NOV 86: CDR James Goldsmith, USNR, relieved CAPT Charles M. McClain, USNR, as Director, Reserve Programs Division (NIC-13).

20-21 NOV 86: Rear Admiral Hagen and CWO3 Rugen made a trip to the Naval Training Center, Great Lakes. Rear Admiral Hagen was the Reviewing Officer for Recruit Graduation Ceremonies.

25 NOV 86: Completed executive briefings for JUP (Special Navy Access Program) for all Pentagon Navy executives.

26 NOV 86: Final INFOMAT report forwarded to CNIC recommending a structured committee architecture to resolve OSIS issues.

NOV 86: Began composition of FY88-92 Congressional Budget

Justification Book material (extensively revised before final completion in response to series of changes in funding control levels and format).

- NOV 36: A data tape sent to CIA for entry into the "4C" data-base of all completed SCI Non-disclosure Agreements (SCI NDA) under Navy accountability.
- NOV-DEC 86: Prepared Navy response to Congressional requirement on Section 504 of the Intelligence Authorization Act for Fiscal Year 1987. Coordinated with Army and Air Force, consolidated into a submission from the Services  
Met with IC Staff coordinating Service's input with CIA, NSA, and DIA.
- 5 DEC 86: YN1 Allen Otis (NIC-01B1) detached.
- 7-11 DEC 86: Japanese DNI visited Washington-area intelligence activities. Visit itinerary planned and coordinated by NIC-03F.
- 8 DEC 86: Mrs. Pamela Hayden, NIC-123, assumed new position as NIC-121.
- 10 DEC 86: TF 168 became the first NIC user to access the IDHSC-II Network from their local workstation using IAIPS LAN.
- 12 DEC 86: Met with representatives of NSA to establish a new SCI compartment within SSO Navy.
- 13 DEC 86: The Sea Watch III IBM-3090 successfully installed.
- 15 DEC 86: Met with Navy SIGINT member to coordinate and establish a new SCI compartment within SSO Navy.
- 15 DEC 86: Forwarded a study to CNO which included recommendations for improving the search for quality Naval Attaches.
- 19 DEC 86: The Signal Intelligence Processing System (SIGINT), the SCI portion of the Signal Input Processing System (SIGIPS), a subsystem of IAIPS was accredited to process SCI in the system high mode.
- 29 DEC 86: Identified to JCS, CNO and the I-S/A AMPE Community the possibility of critical billet shortfalls associated with the Navy I-S/A AMPE manpower requirements.
- 29 DEC 86: CDR George W. Scott, Jr., (NIC-11) detached. (His relief, LCDR K. S. Robinson, reported for duty in January 1987.)

31 DEC 86: During 1986, 60 ADP systems were accredited to process SCI in the dedicated or system high modes.

31 DEC 86: A total of 153 Freedom of Information Act and 13 Privacy Act requests were received during 1986. These required 247 actions, all of which were completed during the year.

DEC 86: SRO participated in Handicap Program Conference, Washington, D.C.

DEC 86: Received second quarter allocation of FY87 funds.

In concert with component commands, conducted analysis of anticipated actual payroll costs versus management-to-payroll ceilings. Results inconclusive, particularly in view of Congressional reductions related to civilian end strength. Advised all components to proceed with business as usual--filling vacancies, paying awards, funding promotions on career ladders. Concluded--and so advised components--that if command appeared to be exceeding its ceiling after actual payroll reports were examined for the first quarter, we would consider the total claimant problem and try to obtain relief from NAVCOMPT. As year concluded, watchful waiting was the order of the day, since actual payroll figures for the first quarter of FY87 would not be available until mid-January.

Completed all follow-up effort from Nov-Dec 85 audit of NAVINTCOMHO by NAVAUDSVC.

Submitted NAVINTCOM 7000.2E (updated procedures governing use of Subhead 1230 funds) to COMNAVINTCOM for signature.

Received final feasibility study from CHESDIV for new building.

Sent CHESDIV additional \$10,550 to accommodate final two change orders for relocatable building.

Completed FY88-89 CBJB material. Note: At year end, GDIP Program Manager had not reached final decision on application of \$30 million last-minute reduction in FY89 controls.

By the end of FY86, costs for the relocatable building totaled:

FROM NAVINTCOM FUNDS:	\$1,053,000 construction
	72,915 SICW

DEC 86: FROM NAVOPINFCEN FUNDS:

20,898 tables and chairs  
198,895 systems furniture  
82,575 wall chart
